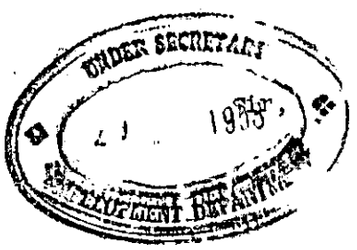
No.2701-D.1/53 dated 25th May 1953.



Sub: INDUSTRIES - Sericulture - Govt. Silk Filatures: Kollegal - Motor Vehicles lorry No.MSC.7998- purchase of a spare 2nd hand engine expenditure Sanction requested.

The Ford lorry No.MSC.7998 belonging to the Government silk Filatures; Kollegal intended for the transport of cocoons from the cocoon markets to the Filatures, has been in use since 1944. The Vehicle has become rather old, and the Area Transport Officer who has been inspecting the machine periodically has suggested that it may be disposed of in public auction in view of the bad condition of the engine. However, as the present financial position of the Filatures does not permit of the purchase of new lorries, the vehicle is being made use of after effecting certain repairs. The Sericultural Expert has now reported that in order that the transport system may not break down during the heavy cocoon purchasing season, it is necessary to replace the old engine of this lorry by a second hand genuine Ford engine in good condition. The cost of such an engine is estimated at Rs.700/-.

As the estimated expenditure exceeds the limit of my powers as prescribed in item 39 (D) of Appendix 7, Madras Financial Code Volume II, I request that Government may be pleased to sanction a sum of Rs.700/- for the purpose.

1791-92 Dy. No. Secy. II. (WSP 1)

3 I request early orders of Government as the cocoon purchasing season (Mangaru) commences by the end of this month and a reserve stock of cocoon has to be built up so as to ensure that the target production in the Filatures is reached.

M. Lakshmanan
Director of Industries & Commerce.
